

How to Create a Looker Studio Report in UTMSimple

This guide will walk you through generating and accessing your Looker Studio Analytics Report for any of your subscriptions in UTMSimple.

Step 1: Log in and Go to My Account

1. Log in to your UTMSimple account.
2. Navigate to the top right corner and click on **My Account**.
3. In the left-side menu, click **Subscriptions**.

The screenshot shows the UTMSimple user interface. The top navigation bar includes links for FEATURES, PRICING, DEMO, FAQ, CONTACT, and HELLO, DR. UTM ACCOUNTS. The left sidebar contains a menu with Subscriptions, Billings, Monthly Reports, AI Knowledge Base, Google Click Reports, and My Account. The main content area displays a table of subscriptions. The first subscription is 'Professional (Custom) \$198.00 / month' with a status of 'Expiring' and a start date of 5/3/2025. The second subscription is 'Professional (Custom) \$198.00 / month' with a status of 'Active' and a start date of 5/27/2025. Below the table, there are tabs for Code, Billing, and Analytics. The Analytics tab is selected, showing a toggle for 'Analytics Enabled' which is turned on. Below this, a message states 'Your Looker Studio report will be shared with following email.' followed by a text input field containing 'haktan@handldigital.com' and an 'Update' button. At the bottom, a link is provided: 'Please create your report by clicking on this Link: [Looker Studio](#)'.

PLAN	TERMS	STATUS	START	END	PAYMENT METHOD	DOMAIN
Professional (Custom)	\$198.00 / month	Expiring	5/3/2025		Credit Card	https://touchstoneeducation.c...
Professional (Custom)	\$198.00 / month	Active	5/27/2025	6/27/2025	Credit Card	https://contentcreator.com

Code Billing Analytics

☒ Analytics Enabled

Your Looker Studio report will be shared with following email.
(Make sure you have google account for below image otherwise please change it)

Update

Please create your report by clicking on this Link: [Looker Studio](#)

Step 2: Choose Your Subscription

1. In **Subscriptions**, you'll see a list of your active and expired plans.
2. Find the subscription you want to use and click the **Analytics** tab for that subscription.

Analytics Enabled

Your Looker Studio report will be shared with following email.

(Make sure you have google account for below image otherwise please change it)

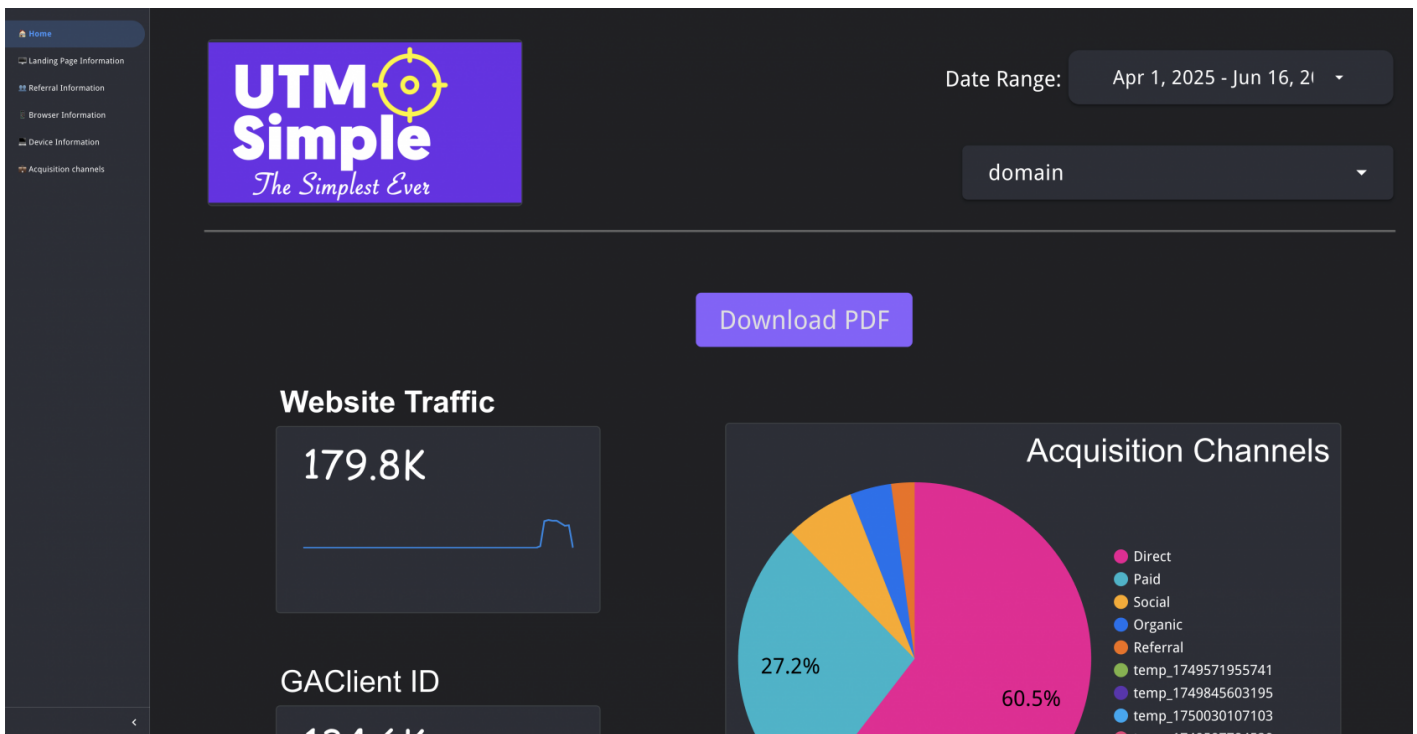

haktan@handldigital.com

Update

Please create your report by clicking on this Link: [Looker Studio](#)

Step 5: View Your Report in Looker Studio

1. You will be taken directly to your custom Looker Studio report.
2. Explore your traffic, channels, and acquisition analytics.
3. Use features like date range selection, filters, and PDF downloads as required.

Troubleshooting

- If you don't see the link, double-check that Analytics is enabled and your email is correct.
- The Google email provided must have access to Google Looker Studio.

You're all set! If you have any issues, contact support via the options in your UTMSimple dashboard.
