

# Append UTMs to the CTA (Button)

You can add to Tracking Code section in the page...

```
setTimeout(
  function(){

    handl_j('[aria-label="utm-out"]').parent().each( (i,t) => {
      handl_utm = HandL.getAll()
      var merged = handl_j.extend( {}, handl_utm, HandL.getSearchParams(this.href) )
      if (t.href !== undefined){
        var href = t.href.split("?")[0];
        if ( !$.isEmptyObject(merged) )
          t.href = href+"?"+"$.param(merged)
      }
    })
  }, 1000
)
```
