

# Track UTMs in Calendly on Wix

On your book a call page...

Add the following script

```
import wixWindowFrontend from 'wix-window-frontend';  
$w.onReady(function () {  
  $w("#handlCalendly").classList.add("calendly-inline-widget")  
  wixWindowFrontend.postMessage('HandLCalendly');  
});
```

After that in your Custom Code section in Wix, add the following. Don't forget to swap the `<license_key>` with your own license key.

```
<script type="text/javascript"
src="https://assets.calendly.com/assets/external/widget.js"></script>
<script>
window.onmessage = function(event) {
  if (event.data == 'HandLCalendly') {
    setTimeout(function() { if (handlj('.wixui-calendly-inline-widget').length > 0) {
handlj('.wixui-calendly-inline-widget').next()[0].style="min-
width: 320px; height: 580px; position: relative"; Calendly.initInlineWidget({url: "https://calendly.com/b-
protek/15-20-minutes-call-clone", parentElement: handlj('.wixui-calendly-inline-
widget').next()[0], utm: {utmCampaign: "object"==typeof
```

```
HandL&&HandL.getAll().utm_campaign||"",utmSource:"object"==typeof
HandL&&HandL.getAll().utm_source||"",utmMedium:"object"==typeof
HandL&&HandL.getAll().utm_medium||"",utmContent:"object"==typeof
HandL&&HandL.getAll().utm_content||"",utmTerm:"object"==typeof
HandL&&HandL.getAll().utm_term||""}});}},500);
    }
};

handl_custom_params=[];var
handl_js=document.createElement("script");handl_js.setAttribute("src","https://track.utmsimple.
</script>
```

That's it
