

# UTM tracking and attribution in Wix Form

## Create Hidden Fields in your WIX Form

Make sure the Field Title matches to our naming convention here [What can I track with UTMSimple?](#)

By default, these fields are not hidden, let's make them hidden

Go and Enable Dev mode

Turn off Dev Mode

Select each field and go to Dev Mode and select "Hidden"

Add the following code in Wix > Settings > Custom Code section

```
<script>
handl_custom_params=[]; var
handl_js=document.createElement("script");handl_js.setAttribute("src","https://track.utmsimple.
key>"), document.head.appendChild(handl_js),handl_js.onload=function(){
```

```
handlj('body').on('DOMNodeInserted', '#main_MF', function(e) {
  if (handlj(e.target).attr('id') === 'POPUPS_ROOT') {
    setTimeout(
      function(){
        all = HandL.getAll()
        Object.keys(all).forEach((x) => {
          if (all[x] {
            if (handlj('[name="'+x+'"]').length > 0) {

const element = document.querySelector('input[name="'+x+'"]')
const event = new Event('input', { bubbles: true })
const previousValue = element.value

element.value = all[x]
element._valueTracker.setValue(previousValue)
element.dispatchEvent(event)

          }
        })
      }, 2000)
    }
  });

});

</script>
```
